United Methodist Church, and
Chinese Baptist Church.

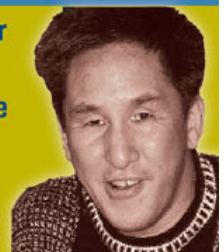

Maria Arcega-Dunn

Q13 Fox News Anchor

"Our community needs your help. Let's do our part by donating blood and joining the marrow donor registry at this life-saving event."

People of color represent less than 1% of the blood that is donated. For patients in need of multiple transfusions, perfectly matched blood can help them avoid serious, possibly fatal, complications.

Give blood in honor of the late Kirby Wong of Seattle. He received 500 units while waiting for a heart transplant.
