## Community Sports

David Wu, board member and chair of the Kin On Sports Tournament (front, middle), stands with one of the proud badminton teams.

On Aug. 3, there was a **Kin On** badminton tournament held at Jefferson Community Center that raised over \$5000. It was an opportunity for the community to get involved as well as stay active while raising funds to support Kin On, which serves the Asian elderly community in greater Seattle. This summer was the first time Kin On held a sports tournament. Other tournaments included exciting games of soccer and table tennis.
